### ABOUT ME

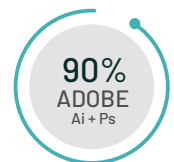

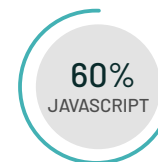

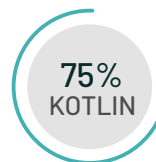

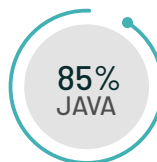

Dedicated young professional, currently studying towards becoming a Software Engineer. Quite experienced and very knowledgeable in programming. I am very efficient and organized. I am hard-working and keen to learn new things. I am focused and time-oriented, so meeting deadlines is a top priority for me. I am also a team player and enjoy being in an environment where people share mutual respect and the desire to help each other.

### EDUCATION

- 2020-2021 **ANDROID DEVELOPERS**  
I Developed a collection of apps, starting my journey as an Android developer using Kotlin.
- 2021-2024 **UNIVERSITY FOR BUSINESS AND TECHNOLOGY**  
I Majoring in "Computer Science and Engineering".  
Expected Bachelor's degree completion date: July/2024

### SOFTWARE

Proficient in many programming languages, in which i combine technical expertise and design skills for innovative software solutions and user-friendly interfaces.

### WORK EXPERIENCE

- 2021-2022 | **Graphic Designer & Social Media Manager - "OK"**  
At OK fast food, I served as a Graphic Designer and Social Media Manager, creating visually compelling content and managing online presence to enhance brand engagement and awareness.
- 2017-2019 | **Graphic Designer Editor - "Dukagjini Publishing"**  
At Dukagjini Publishing, I played a pivotal role in the production of children's school books by serving as an Editor. My responsibilities included meticulously reviewing and correcting errors identified by the proofreading team, ensuring the highest quality educational materials for young learners.

### PROJECTS

- 2023 | **IntegrohuKS**  
Launched a job-searching website that connected the youth of Kosovo with employers
- 2023 | **EasyOrder**  
Currently working on a powerful point of sale web application which offers a simple and efficient way for businesses to manage their sales, inventory, and customer data.
