## WORK EXPERIENCE

### Full-stack Developer and Graphic Designer
*LWP-Energie GmbH* [ 11/03/2024 – Current ]

**City:** Stuttgart   |   **Country:** Germany

At LWP-Energie GmbH, I hold a dual role as a **Full-Stack Developer and Graphic Designer**. My responsibilities encompass both technical and creative aspects, contributing to the company's online presence and user experience.

As a Full-Stack Developer, I design and implement end-to-end web solutions to enhance our digital infrastructure. This includes developing and maintaining both the front-end and back-end of our web applications. My work involves:

- Designing and coding user-friendly interfaces.
- Ensuring seamless data flow between the front-end and back-end.
- Implementing security measures and optimizing application performance.

In my role as a Graphic Designer, I create visually appealing and brand-consistent graphics for our marketing materials, website, and social media platforms. My tasks include:

- Designing logos, banners, and promotional content.
- Crafting UI/UX designs to improve user interaction with our digital products.
- Collaborating with the marketing team to develop engaging visual campaigns that drive customer engagement.

My role at LWP-Energie GmbH allows me to leverage my skills in both software development and graphic design to contribute to the company's growth and enhance our customer experience.

### Graphic designer
*Dukagjini Publishing House* [ 10/02/2022 – 10/04/2022 ]

**City:** Prishtinë   |   **Country:** Kosovo

In my role at DukagjinI Publishing House as a Graphic Designer and Editor, I was tasked with a range of critical activities and responsibilities that were instrumental in the production of children's school books. These included:

- Editorial Oversight: I meticulously reviewed and edited the content of children's school books to ensure accuracy, coherence, and adherence to educational standards. Error
- Identification and Correction: I worked closely with the proofreading team to identify and rectify errors, including grammatical, spelling, and typographical issues, as well as content-related discrepancies. This process aimed to deliver error-free and high-quality educational materials.
- Quality Assurance: I played a pivotal role in ensuring the highest possible quality of educational materials, with a particular focus on the needs of young learners. This included scrutinizing layout, graphics, and text to create engaging and effective learning resources.
- Design Collaboration: Collaborating closely with the design team, I contributed to the creation of visually appealing and engaging layouts that complemented the educational content, fostering a positive learning experience for children.

- Deadline Adherence: I managed my tasks efficiently to meet project deadlines, ensuring the timely delivery of school books to support educational institutions and young learners.
- Feedback Integration: I incorporated feedback from various stakeholders, such as educators, subject matter experts, and content creators, to improve the overall quality and educational effectiveness of the books.
- Cross-functional Communication: Facilitating effective communication between different departments, including writers, illustrators, and production teams, to streamline the book production process and maintain a cohesive vision.

In this multifaceted role, I was committed to fostering the creation of educational materials that empower young learners with accurate and engaging content, ultimately contributing to their educational development.
